

# SHAHEER SARFARAZ

## Application for President S.T.E.M Society

✉ shaheer30sarfaraz@gmail.com

🔗 <https://github.com/DaKheera47>

## EDUCATION

O'Levels - 5A's, 4 (hopefully) A\* grades

Sir Imran's Academy

📍 Rawalpindi

A'Levels - Just started

Benchmark School System

📍 Rawalpindi

## EXPERIENCE/PROJECTS

Mumtaz Urdu

<http://mumtazurdu.com/>

Mumtaz Urdu was an initiative by my mother, to write a satisfactory Urdu course book for O'Levels. Hence, I found the perfect opportunity to put my skills to the test by making the audio files available online.

EcoBank

<https://eco-bank.herokuapp.com/>

This was the first project I ever worked on, using technologies like HTML, CSS, and JavaScript. It provides a simple yet feature-rich frontend, with elegantly written backend code.

Class Launch Automator

<https://github.com/DaKheera47/ClassLaunchAutomator>

A program I made in Python which automates the process of joining online classes on Zoom with the click of a single button. Anyone can use it, **give it a try!**

## COURSES

**Full Stack Web Developer Bootcamp by Colt Steele**

A course focused on learning web development skills and technologies with JavaScript on the frontend and backend.

## SKILLS

### Frontend

React

HTML5

CSS3

JavaScript

React Router
